ABOUT ME

I am passionate about visual creativity, storytelling, and communication. I enjoy developing ideas into clear and engaging visual solutions, while bringing adaptability, attention to detail, and a collaborative mindset to every project.

EDUCATION

Degree in Digital Design and Multimedia Technologies | UPC - CITM, Terrassa | 2022 - 2026

Graphic Interface Design, Audiovisual Production and Realization, UX, Data Visualization.

- **Essential AI for your Day to Day | UPC | Jan 2026**
  Generative AI for programming and development.
- **Academic Debate League | UPC | Feb 2026**
  From this experience I was able to extract valuable knowledge and deep understanding in argumentation and critical thinking skills as well as comunication skills like persuation and assertiveness.

OUTSTANDING PROJECTS

UPC Space Program | Promotional Video 2024

Responsible for the filming, editing and post-production of the official video for the international summer competition.

The flat's sofa [Catalan] | Short film | Jan 2026

Responsible for the script, editing and post-production.

Topographical Sky | Interactive Data Visualization | 2026

A visual analysis of a decade of commercial flights, technological evolution, and their true environmental impact in Europe.

TECHNICAL SKILLS

Photoshop · Premiere · After Effects · Figma · DaVinci Resolve · Visual Studio Code

SOFT SKILLS

Collaborative · Resourceful · Presentations · Empathetic · Polyvalent

LANGUAGES

Spanish Native Catalan Native English C1

HOBBIES

Basketball

A sport that has shaped my values, particularly commitment, discipline, and teamwork. I have also gained organizational experience by refereeing university 3x3 tournaments.

Music

Practical training in guitar and choral singing, strengthening active listening and collective coordination.

Leisure education

An important part of my personal growth from a young age, which I further developed over three summers as a summer camp counselor, strengthening my leadership, patience, and conflict-resolution skills.
